

Building on Excellence

THE CAMPAIGN FOR BRATTLEBORO MEMORIAL HOSPITAL

CO-CHAIRS

Robert Gannett ♦ Mark Richards

Brattleboro Memorial Hospital has been here for the community for more than 100 years. As we reflect on *a century of caring for our community*, we would like to thank those who have helped this hospital maintain the highest level of care with the latest technology appropriate for a community healthcare facility—resulting in recent national recognition as one of the top 100 hospitals in the United States.

As we move forward with the new BMH Outpatient Building Project, we recognize and reaffirm our appreciation for the community support that has made previous capital campaigns successful over the past years, and we are also grateful for the willingness of the following volunteers who have committed themselves to make our upcoming ***Building On Excellence*** campaign another truly successful one.
