New BMH Outpatient Building is Taking Shape!

New Outpatient Building as of December 7, 2007

Here is information on the planned ACU renovation:

Today, this very day (Saturday, December 8th), the Oncology and Pre-Op Assessment Units at BMH are moving to the 2nd floor of the Medical Office Building to make space for the Ambulatory Care Unit (same-day surgery) renovation.

Oncology will be located in Suite 204, as will the Comprehensive Care Clinic for HIV/AIDS.

The BMH Pre-Operative Assessment Unit will be located in Suite 202.

There will be signs directing patients to the new temporary areas in addition to an enhanced group of transportation volunteers. There will also be maps available at Admitting and in physicians' offices.

Once the new outpatient building is completed next year the departments will move to their new, permanent space.
